JOHN W. FARRAR,

JAMES E. STONE,

Auditors of Dunbarton.

DUNBARTON, February 15, 1905.

PUBLIC LIBRARY.

REPORT OF THE TRUSTEES.

To the Citizens of Dunbarton:

We are reminded by the report of our librarian that little change has been made in the library during the last year.

The ordinary amount of books have been added and rebound.

We are further reminded that it is necessary to call the attention of the patrons to the rules of the library.

Books must not be marked and written in, used as window supports, or in any way damaged. Each borrower is responsible for the damage on all books taken out on his card.

A legacy of one thousand dollars from the estate of the late Charles Chase, has been received by the trustees and deposited in the savings bank.

We would again recommend that the town provide a new library building, as the present room in use is already too small.

Very many believe the best way to show our gratitude for the gift of the late Charles Chase to the town would be to erect a memorial library building with the same.

If Dunbarton wishes to keep pace with the neighboring towns, it seems necessary to erect a building at once, and this legacy affords us our opportunity.

We are fortunate in having a librarian who takes much interest in the library, and is on the alert for opportunities to increase the use of the same.

FREDERICK L. IRELAND,

JOHN W. FARRAR,

JAMES E. STONE,

Trustees of the Dunbarton Free Library.

REPORT OF LIBRARIAN

FOR THE YEAR ENDING FEBRUARY 15, 1905.

GENTLEMEN :

Little change has been made in our library during the past year.

Eleven books have been rebound, and thirty-five have been added, one of which was the gift of Miss Newhall.

Eighty-five cents have been taken in fines.

The circulation of books through the year has been practically the same as last year.

The patrons of the library are very regular, but we wish the number might be largely increased, both by people living near and at a distance.

If books cannot be returned in person or by messenger at proper time, by reason of the weather, the same can be recharged by telephone.

We would further urge that the books be given as good care as one gives his own, and not let children have them to deface in any way.

The way to have a good library is to keep what we have good, and add to it as fast as we can.

Respectfully submitted,

MABELLE F. KELLEY,

Librarian.

REPORT OF THE SCHOOL BOARD.

To the Citizens of Dunbarton School Districts:

Another year of school life has passed the bounds of time in your much honored town of Dunbarton.

With all the attendant pro et con of our young people's elementary educational career, your committee are thankful to be able to report much marked improvement in most of the schools. Much credit is due to the teachers, who have been faithful, painstaking and industrious throughout the academic year, particularly in the Center, Montelona, and Page Corner schools.

As it is difficult to find in a given number of persons, all with teaching gifts of the same calibre, so, alas, we have found to our regret that one school has failed to come up to our expectations. This failing has been not with the children, but, unfortunately, with the teacher. We sincerely regret this matter, of course. More minute pains must be taken in order to prevent a recurrence of such a dilemma, for an inefficient person in any capacity is bad, still in hardly any position to be so deplored, as at the head of a school.

A change has been made in the spelling-books, an entirely new set of books being placed in each school during the last term.

Once again we desire to remind you that for the good of your children a longer period of school life through each year would be advantageous to the well-being of the rising generation; bear in mind that "The mind well formed in the early days of its existence will, without doubt, bear better and more abundant results in the years to come."

JOSEPHINE K. PAGE,
FREDERICK L. IRELAND,
DAVID STORY.
